the MyCare Ohio Home
and Community-Based
Services Waiver***

Welcome

Welcome! This handbook was prepared to give you an overview of the MyCare Ohio Home and Community-Based Services Waiver (Waiver) with Buckeye Health Plan (a Medicare-Medicaid Plan). It is a supplement to your Member Handbook and is intended to provide you with the basic information you need to know about the Waiver. Please refer to your Member Handbook for other important information.

As a member of Buckeye, you will receive care management, which is extra help to coordinate your care and make sure you get the services you need. Your **Care Manager** will be assigned by Buckeye to work with you and a Team of professionals to make sure you get what you need.

Now that you are enrolled in the Waiver, you will also have a **Waiver Service Coordinator** to help you with issues that arise while you're on the Waiver. This may be someone different than your Care Manager.

The team of professionals mentioned above is called your **Care Team**, and will be led by your Care Manager. Members of the Care Team may consist of you, your primary care provider, your Waiver Service Coordinator, Medical Specialists as needed, and others as requested by you, such as, family members, and other caregivers and supports. Let your Waiver Service Coordinator know if there is anyone specific that you want to be included on your Team.

Your Waiver Service Coordinator will review your understanding of this material every year during your annual reassessment. Please refer to it often for information or for answers to questions. If you do not find your answer here, do not hesitate to ask your Waiver Service Coordinator. He or she is always available to assist you.

Waiver Service Plan Development

Service planning and care coordination help to address changes you may encounter with your personal circumstances and/or medical conditions over time. The service planning process must be tailored to address your specific needs, and revised as often as necessary to continue to meet your needs.

The Waiver Service Plan is a written outline of your Waiver services necessary to keep you safely in the community. It identifies goals, objectives, and outcomes related to your health, as well as the treatments and services you receive.

As a consumer enrolled in the MyCare Ohio Waiver, you may exercise choice and control over the provision of Waiver services you receive by actively participating in the service planning process. You can help decide who should participate in the service planning process.

Your Waiver Service Coordinator is responsible for ensuring all of your identified needs are included and addressed in your Waiver Service Plan. That includes exploring with you all feasible services and service settings available to meet your specific needs.

After your service plan is developed and approved, your Waiver Service Coordinator will help arrange for the delivery of services to implement the plan.

If you have questions, please call Buckeye at 1-866-549-8289, TTY: 711, 8 am-8 pm Monday through Friday. The call is free. **For more information**, visit: <http://mmp.BuckeyeHealthPlan.com>. A waiver services coordinator or a care manager can be contacted at any time at 1-866-549-8289.

Service Plan Contents

During the service planning process, you will identify all the services and supports you receive from any sources other than the MyCare Ohio Waiver that help meet your needs so they can be considered in the development of the plan.

Service planning includes identifying and arranging for Waiver services that support, but do not replace services from unpaid caregivers (such as neighbors, friends, family, etc.).

Your service plan documents how your needs will be met. It must address, but is not limited to, all of the following:

- Your care, including your medical and personal care needs
- How your living environment will be kept clean and safe
- Mental/behavioral health, including any behavior interventions
- School, work, or other daytime activities
- Home modifications and/or adaptations
- Medication management
- Medical and personal care supplies, including equipment
- Back-up plan for when a provider is unable to furnish services as scheduled

Your service plan will identify the specific tasks and activities your service provider(s) will deliver to meet your needs. It will also specify how much, how often, and how long you will receive the services.

The service plan is necessary for your service providers to be paid and too help your Waiver Service Coordinator ensure that you are getting the services you need.

If you have questions, please call Buckeye at 1-866-549-8289, TTY: 711, 8 am-8 pm Monday through Friday. The call is free. **For more information**, visit: <http://mmp.BuckeyeHealthPlan.com>. A waiver services coordinator or a care manager can be contacted at any time at 1-866-549-8289.

Waiver Service Coordination

All members enrolled with Buckeye in the MyCare Ohio Waiver will receive assistance with coordinating their waiver services.

It is important that you receive the Waiver services you need so long as your health and welfare is not placed at risk. You will be contacted by either your Waiver Services Coordinator or Care Manager, and receive an in-person visit to review your care needs within no more than 90 days after you are enrolled in the MyCare Ohio Waiver.

Waiver service coordination includes, but is not limited to, the following:

- Monitoring your health and welfare

- Monitoring the delivery of all services identified in your Service Plan
- Ensuring adjustments are made as appropriate in the event you encounter significant changes, including but not limited to, significant life milestones such as entering/exiting school, work, etc.
- Identifying and reporting incidents, as well as prevention planning to reduce the risk of reoccurrence.
- Assisting you to develop a meaningful backup plan in the event your provider is unable to show up for work. A backup plan includes one or more persons who are able to provide your care and that can respond quickly if your regularly scheduled provider is unable to work his or her shift(s).

Transition Period

This section applies to individuals who were enrolled on any of the Medicaid waivers (PASSPORT, Choices, Assisted Living, Ohio Home Care, or Transitions Carve-Out) immediately prior to enrolling on the MyCare Ohio Waiver.

In order to minimize service disruption, your existing service levels and providers will be maintained for a pre-determined amount of time, depending upon the type of service. Your services and service providers will remain in place for a limited time, with some exceptions as follows.

Exceptions:

During the transition period, change from the existing services or provider can occur in the following circumstances:

1. You request a change;
2. There is a significant change in your health or functioning status (e.g., your condition, or your needs);
3. Your provider gives notice of their intent to discontinue services;
4. Provider performance issues are identified that affect your health and welfare.

So long as one of the above exceptions does not apply, your existing service levels and providers will be maintained while you are enrolled on the MyCare Ohio Waiver as follows:

Direct care Waiver services -

Personal care, Waiver Nursing, Home Care Attendant, Choices Home Care Attendant, Out-of-Home Respite, Enhanced Community Living, Adult Day Health Services, Social Work Counseling, Independent Living Assistance.

If you were receiving any of these Medicaid waiver services while enrolled on one of the Medicaid waivers immediately prior to enrolling on the MyCare Ohio Waiver, you can continue to receive these services at the same authorized level and with the same service provider(s) for at least 365 days from the date you enrolled in the MyCare Ohio Waiver.

If you have questions, please call Buckeye at 1-866-549-8289, TTY: 711, 8 am-8 pm Monday through Friday. The call is free. **For more information**, visit: <http://mmp.BuckeyeHealthPlan.com>. A waiver services coordinator or a care manager can be contacted at any time at 1-866-549-8289.

Assisted Living Waiver services:

If you were receiving Assisted Living service while enrolled on the Assisted Living Medicaid Waiver immediately prior to enrolling on the MyCare Ohio Waiver, you can continue to receive the authorized Assisted Living service from the same provider for the entire time you are enrolled in the MyCare Ohio Waiver.

All other Waiver services:

For all other Waiver services that you were receiving while enrolled on one of the Medicaid waivers immediately prior to enrolling on the MyCare Ohio Waiver, those services can be maintained at the same authorized level for at least 365 days after enrollment in the MyCare Ohio Waiver. The same service provider(s) can be maintained for at least 90 days.

End of Transition Period:

Just because the transition period ends, does not necessarily mean that your services or providers will change. Buckeye only has the option to make changes to your services after this period.

Prior to the conclusion of the transition period, Your Waiver Services Coordinator will meet with you to review your care plan and discuss any needed changes in services or providers. If a change in provider is required for any reason, you will be provided with information regarding other available providers.

If you have questions, please call Buckeye at 1-866-549-8289, TTY: 711, 8 am-8 pm Monday through Friday. The call is free. **For more information**, visit: <http://mmp.BuckeyeHealthPlan.com>. A waiver services coordinator or a care manager can be contacted at any time at 1-866-549-8289.

Consumer-Directed Opportunities

If you have a need for certain services, as determined by your Waiver Care Manager and Care Team, you, or your Authorized Representative, may have the option to self-direct some of your services.

Self-directing services includes assuming **Employer Authority and/or Budget Authority**.

Employer Authority means you will assume responsibilities of being your worker's employer. You will be responsible to recruit, hire, train, direct, and even terminate that worker from providing care to you if necessary. The option to have Employer Authority may only be available if your Waiver Care Manager and Care Team determined that you need either of the following services:

- Individual Personal Care service; or
- Individual Choices Home Care Attendant service

Budget Authority means you will assume responsibility for establishing a rate of pay with the service provider(s) within certain parameters, and scheduling when and how services are to be provided to you within the budgeted amount established by you and your Waiver Services Coordinator. The option to have Budget Authority may only be available if your Waiver Care Manager and Care Team determined you need any of the following services:

- Choices Home Care Attendant service
- Alternative Meals service
- Pest control
- Minor home modification, maintenance and repair
- Home Medical Equipment and Supplemental Adaptive and Assistive devices service

The responsibilities of directing your worker requires certain abilities. Before you may self-direct your care, your ability and willingness to learn about the expectations of an employer must first be considered.

How to Request Self-Direction of Your Services:

If you have questions, please call Buckeye at 1-866-549-8289, TTY: 711, 8 am-8 pm Monday through Friday. The call is free. **For more information**, visit: <http://mmp.BuckeyeHealthPlan.com>. A waiver services coordinator or a care manager can be contacted at any time at 1-866-549-8289.

If you believe self-directing services is right for you, and are interested in directing your own care, you should tell your Waiver Service Coordinator.

Self-Directing Services in Previous Medicaid Waiver:

If you were already participating as a self-directed consumer through a Medicaid waiver immediately before enrolling into the MyCare Ohio Waiver, you will keep your current provider for up to one year with the same service amount at the same rate, unless any of the following happens:

- You no longer have an assessed need for one of these services;
- You or your authorized representative is no longer able to fulfill the responsibilities of the employer;
- You no longer have an authorized representative, if required;
- Your health and welfare are at risk as determined by your Waiver Service Coordinator.
