## B. Providers

### B1. Key terms

This section explains key terms in our *Provider and Pharmacy Directory*.

- **Providers** are health care professionals and support providers such as doctors, nurses, pharmacists, therapists, and other people who provide care and services. **Services** include medical care, long-term supports and services (LTSS), supplies, prescription drugs, equipment and other services.
  - The term providers also includes facilities such as hospitals, clinics, and other places that provide medical services, medical equipment, and long-term services and support.
  - Providers that are a part of our plan's network are called network providers **network providers**.
- **Network providers** are the providers that have contracted with us to provide services to members in our plan. The providers in our network generally bill us directly for care they give you. When you use a network provider, you usually pay nothing for covered services.
- A **Primary Care Provider** (PCP) is a family practice physician, a general practitioner, a pediatrician, a primary care clinic, or an internal medicine physician who gives you routine health care. Your PCP will keep your medical records and get to know your health needs over time.
- **Specialists** are doctors who provide health care services for a specific disease or part of the body. There are many kinds of specialists. Here are a few examples:
  - Oncologists care for patients with cancer.
  - Cardiologists care for patients with heart conditions.
  - Orthopedists care for patients with certain bone, joint, or muscle conditions.
- You also have access to a care manager and a care team that you choose. Your PCP will work closely with your care manager and care team.
  - Your **care manager** helps you manage all your providers and services. They work with your care team to make sure you get the care you need.
  - Your **care team** includes doctors, nurses, counselors, or other health professionals. Everyone on the care team works together to make sure your care is coordinated. This means that they make sure tests and labs are done once and the results are shared with the appropriate providers. It also means that your PCP should know all medicines you take so that they can reduce any negative effects. Your PCP will always get your permission before sharing your medical information with other providers.

---

 **If you have questions**, please call Buckeye at 1-866-549-8289 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. If you need to speak to your care manager, please call 1-866-549-8289 (TTY:711) 24 hours a day, 7 days a week. These calls are free. **For more information**, visit [mmp.buckeyehealthplan.com](http://mmp.buckeyehealthplan.com).

## B2. Primary Care Provider (PCP)

You can get services from any provider who is in our network and accepting new members.

First, you will need to choose a Primary Care Provider, or PCP. If you do not choose a PCP, we will assign one to you.

To choose a PCP, use the list of providers on page 19 and:

- choose a provider that you use now, **or**
- choose a provider who has been recommended by someone you trust, **or**
- choose a provider whose offices are easy for you to get to.
- If you want help in choosing a PCP, please call Member Services at 1-866-549-8289 (TTY:711) from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users should call 711. The call is free. Or, visit [mmp.buckeyehealthplan.com](http://mmp.buckeyehealthplan.com).
- If you have questions about whether we will pay for any medical service or care that you want or need, call Member Services and ask **before** you get the service or care.

## B3. Long-term supports and services (LTSS)

You may be able to get long-term services and supports (LTSS) which are also called Medicaid “waiver services,” such as home health aide services and adult day care as a Buckeye member. LTSS gives assistance to help you stay at home instead of using a nursing home or hospital.

To access LTSS, contact your care manager at 1-866-549-8289. TTY users call 711. The call is free. The care manager call line is available 24 hours a day, 7 days a week, 365 days a year. After hours, on weekends and on holidays, your call will be answered by our 24-hour nurse advice call line.

## B4. How to identify providers in Buckeye’s network

You must get all of your covered services from providers within our network. These providers have an agreement to work with us and provide you services. We call these providers “network providers.”

The exceptions to this rule are when you need long-term nursing home care, urgent or emergency care, or dialysis and cannot get to a provider in the plan, such as when you are away from home. Also, for a specific period of time after your enrollment with Buckeye, you can use your

out-of-network physicians and other service providers, including nursing homes and assisted living providers, home health nurses, aides and LTSS or “waiver services” providers.

You can also go outside the plan if Buckeye gives you permission first. Call Member Services to ask for the use of providers outside of our network, so we can make arrangements for you.

- You may change providers within the network at any time during the year. If you have been using one network provider, you do not have to keep using that same provider. To change your PCP, call Member Services at the number below.
- Buckeye works with all the providers in our network to accommodate the needs of people with disabilities. As applicable, the list of network providers in this Directory includes information about the accommodations they provide.
- If you need to use a provider and are not sure if they offer the accommodations you need, Buckeye can help you. Talk to your care manager for assistance

## **B5. How to find Buckeye providers in your area**

This provider directory is organized by provider type, then by the city. Look for the type of provider (for example, Primary Care Provider, Specialist, Hospital, etc.) then the city in which you live. You can also visit the website at [mmp.buckeyehealthplan.com](http://mmp.buckeyehealthplan.com) for the most current provider listing.

# Accessibility Information

Below is information used in the provider directory to indicate accessibility at a provider office or building site. Accessibility Requirements:

**All Criteria Met:** if the provider meets all (49) Critical Elements (CE) for disability access in four (4) main areas:  
 Parking, Exterior Building, Interior Building, and Programmatic Access.

**Some Criteria Met:** if the provider does not meet 1 or more of the CEs.

## D. List of network pharmacies

This part of the Directory provides a list of pharmacies in Buckeye's network. These network pharmacies are pharmacies that have agreed to provide prescription drugs to you as a member of the plan.

Buckeye members must use network pharmacies to get prescription drugs except in emergency or urgent care situations.

- If you use an out-of-network pharmacy for prescriptions when it is not an emergency or urgent care situation, including when you are out of the service area, call Buckeye's toll-free Member Services or 24-hour nurse advice line for assistance in getting your prescription filled.
- If you use out-of-network pharmacy for prescriptions when it is not an emergency, you will have to pay out of pocket for the service.
- Read the Buckeye *Member Handbook* for more information.

This Directory may not list all network pharmacies. We may have added or removed some network pharmacies from our plan after we published this Directory.

For up-to-date information about Buckeye network pharmacies in your area, please visit our web site at [mmp.buckeyehealthplan.com](http://mmp.buckeyehealthplan.com) or call Member Services at 1-866-549-8289 from 8 a.m. to 8 p.m., Monday through Friday. After hours, on weekends and on holidays, you may be asked to leave a message. Your call will be returned within the next business day. TTY users should call 711. The call is free.

To get a complete description of your prescription coverage, including how to fill your prescriptions, please read the *Member Handbook* and Buckeye's *List of Covered Drugs*. The current *List of Covered Drugs* can be found on our web site at [mmp.buckeyehealthplan.com](http://mmp.buckeyehealthplan.com). Or you may contact Member Services at the number above to have one mailed to you.

### D1. How to identify pharmacies in Buckeye's network

Along with retail pharmacies, your plan's network of pharmacies includes:

- Mail order pharmacies send covered prescription drugs to members through the mail or shipping companies.
- Home infusion pharmacies prepare prescription drugs that are given through a vein, within a muscle, or in another non-oral way by a trained provider in your home.
- Long-term care (LTC) pharmacies serve residents of long-term care facilities, such as nursing homes.
- Specialty pharmacies provide members with drugs used to treat complex or rare chronic conditions such as cancer, rheumatoid arthritis, hemophilia, and H.I.V.

---

 **If you have questions**, please call Buckeye at 1-866-549-8289 (TTY: 711), from 8 a.m. to 8 p.m., Monday through Friday. You can also visit the website at [mmp.buckeyehealthplan.com](http://mmp.buckeyehealthplan.com) for the most current pharmacy listing. ## E2. Mail order pharmacy

You can get prescription drugs shipped to your home through our network mail order delivery program. If the mail order pharmacy gets a prescription directly from a prescriber, they will call you first to confirm you want the drug(s). Please make sure to let the pharmacy know the best way to contact you.

You also have the choice to sign up for automated mail order delivery. Typically you should expect to get your prescription drugs within 10 days from the time that the mail order pharmacy gets the order. If you do not get your prescription drug(s) within this time, if you would like to cancel an automatic order, or if you need to ask for a refund for prescriptions you got that you did not want or need, please contact us at 1-866-549-8289 (TTY: 711) from 8 a.m. to 8 p.m., Monday through Friday. Or call your mail order pharmacy, CVS Caremark at 1-866-808-7471 (TTY: 711). To learn more about mail order pharmacies, refer to Chapter 5 of the *Member Handbook*.
